Greetings!

As Governor of the State of Illinois, I am pleased to congratulate the Illinois Service Resource Center (ISRC) on the celebration of your 20th Anniversary.

Established in 1993, the ISRC has been dedicated to serving children in Illinois who are deaf or hard of hearing, and those who exhibit behavioral and/or mental health challenges. Through your information, technical assistance, and training, you have provided the opportunity for these children to receive an excellent education, despite the challenges they face. I commend the ISRC for the good work that you have, and continue to provide to the parents, professionals, school personnel, and children throughout the Land of Lincoln.

To celebrate an anniversary such as this is a significant milestone for any organization. This is an excellent opportunity to reflect back on all that you have accomplished over the past twenty years and to make plans for the future of your organization that will build on your past success. Your longevity is surely a testament to the quality of the services you provide and the relationships you have developed over the years. I have no doubt that the Illinois Service Resource Center will continue to provide the same level of excellence that you have offered for many more years to come.

It is my honor to join in commemorating your 20th Anniversary. On behalf of the people of Illinois, I offer my best wishes for an enjoyable and memorable celebration, and for continued success.

Sincerely,

A handwritten signature in black ink that reads "Pat Quinn".
